Make	Brother International	
Model	DPC-8065DN	
Price	\$449.99	
Imaging	Laser	
Classification	Duplex MFPs For Under \$500	
Resolution (dpi)	1,200x1,200	Network Scan <input checked="" type="checkbox"/>
BW/Color Print Speed (ppm)	30/NA	Color Scan <input checked="" type="checkbox"/>
Monthly Duty Cycle (pages)	20,000	Network Print <input checked="" type="checkbox"/>
Max Media Length (inches)	16.0	Duplex Print <input checked="" type="checkbox"/>
Max Media Width	8.50	Duplex DF <input checked="" type="checkbox"/>
Walk-Up Fax	<input type="checkbox"/>	Touch Screen <input type="checkbox"/>
	<input type="checkbox"/>	USB 2.0 Port <input checked="" type="checkbox"/>

This B&W laser-based MFP has a low B&W consumables' cost per page of 0.92 cents, and is made by long-time printer vendor Brother International, which focuses on distributing its digital-imaging devices for home and small- and mid-size businesses via retail channels. There's no fax, but users can expect relatively fast laser printing, as well as copying and network scanning. Brother provides capable network management for managing the DPC-8065DN and SNMP-compatible network peripherals.

RATINGS SCOREBOARD Total Ratings Score 35.5

Supplies Cost Per Page

Black/Color	\$0.01400

©Head2Head Comparison

Make	Lexmark International	
Model	X4975 Professional	
Price	\$179.99	
Imaging	Ink-jet	
Classification	Duplex MFPs For Under \$500	
Resolution (dpi)	4,800x2,400 Network Scan <input checked="" type="checkbox"/>	
BW/Color Print Speed (ppm)	30/27 Color Scan <input checked="" type="checkbox"/>	
Monthly Duty Cycle (pages)	5,000 Network Print <input checked="" type="checkbox"/>	
Max Media Length (inches)	17.0 Duplex Print <input checked="" type="checkbox"/>	
Max Media Width	8.50 Duplex DF <input checked="" type="checkbox"/>	
Walk-Up Fax <input type="checkbox"/> Touch Screen <input type="checkbox"/> USB 2.0 Port <input checked="" type="checkbox"/>		

The X4975 Professional is a color ink-jet MFP that is similar to Lexmark's X9575 Professional ink-jet "all-in-one" MFP, but is for users who don't require walkup fax (and thus is priced lower--\$179.99 versus \$199.99). It features wireless networking for easy sharing among users without cables or wiring. It also boasts optional 6-color printing--with 6-color printing, an additional two color inks are utilized along with the traditional black, cyan, magenta and yellow so that the printer can produce photos that are exceptionally photorealistic.

RATINGS SCOREBOARD Total Ratings Score **34.5**

Supplies Cost Per Page

Black/Color **\$0.05198** **\$0.11396**

Total Cost of Ownership (Black/Color/ Mixed)

100 pages/month	\$491.87	\$863.75	\$609.67
500 pages/month	\$1,739.39	\$1,889.39	\$1,771.50
1,000 pages/month	\$3,298.79	\$7,017.59	\$4,493.01
3,000 pages/month	\$9,536.39	\$20,692.79	\$13,122.64
5,000 pages/month	\$15,773.99	\$34,367.99	\$21,752.27

Strengths

- View and edit photos on 2.4" color display.
- Photo-editing software.
- Wireless and wired network connectivity.
- Supports Microsoft Windows and Apple Macintosh.
- Optional 6-color printing for producing photographic output.
- Print directly from digital memory cards, as well as from PictBridge-compatible digital cameras.
- Produce borderless prints up to 8.5"x14".
- Toolbar software for printing Web pages, and for scheduling printing.
- OCR software.

Limitations

- High B&W cost per page of 5.2 cents.
- Low standard paper capacity of 100 sheets and low maximum paper capacity of 100 sheets.
- With the tri-color ink cartridge, users may discard the cartridge before all colors are used; note that color cost per page is based on the assumption that all colors in the tri-color cartridge run out of ink after 500 pages.
- Due to the low bandwidth of wireless networking versus wired networking, network scanning and access to card reader

Best Use

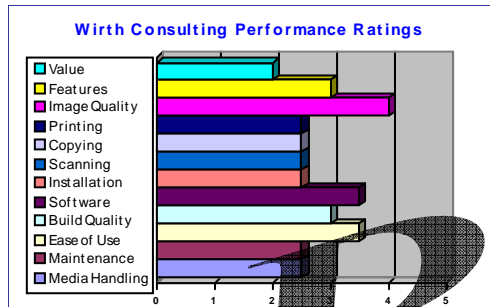

Shared use among home and home-office users for all-around B&W and color printing and copying, as well as for photorealistic printing applications (via 6-color printing), and for users who may also have network scanning and fax applications.

1,000 pages/month	\$3,368.79	\$7,087.59	\$4,562.31
3,000 pages/month	\$9,606.39	\$20,762.79	\$13,191.94
5,000 pages/month	\$15,843.99	\$34,437.99	\$21,821.57

Strengths

- View and edit photos on 2.4" color display.
- Photo-editing software.
- Wireless and wired network connectivity.
- Optional MarkNet Gigabit Ethernet network interface for faster transmission of data across the network especially for scanning.
- Supports Microsoft Windows and Apple Macintosh.
- Optional 6-color printing for producing photographic output.
- Print directly from digital memory cards, as well as from PictBridge-compatible digital cameras.
- Produce borderless prints up to 8.5"x14".
- Toolbar software for printing Web pages, scheduled printing.
- OCR software.

Limitations

- High B&W consumables' cost per page of 5.2 cents.
- Low standard paper capacity of 100 sheets and low maximum paper capacity of 100 sheets.
- With the tri-color ink cartridge, users may discard the cartridge before all colors are used; note that color cost per page is based on the assumption that all colors in the tri-color cartridge run out of ink after 500 pages.

Best Use

Shared use among home and home-office users for all-around B&W and color printing and copying, as well as for photorealistic printing applications (via 6-color printing), and for users who may also have network scanning and fax applications.
